2. Using 2 black 2" strips and a white 3 1/2" strip, create a strip set as pictured (black, white, black).

Press towards the black. Cut this strip set into 18 - 2" strips.

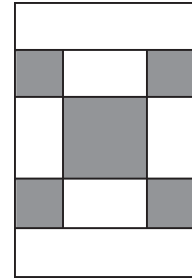

3. Using 2 black 2" strips and a white 6 1/2" strip, create a strip set as pictured (black, white, black). Press towards the black. Cut this strip set into 18 - 2" strips.

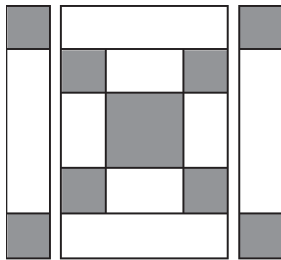

4. From the remaining 6 1/2" strip cut 18 - 2" strips.

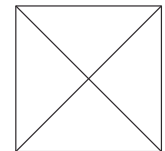

5. Take one of the strip sets from step 1 and two of the strips sets from step 2 and sew them together as pictured. Press the seam away from the center block.

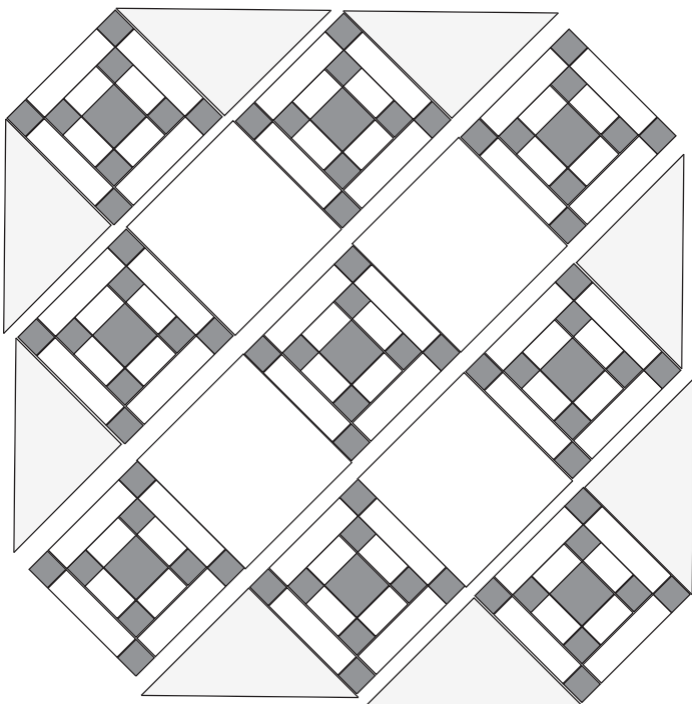

6. Attach a white 6 1/2" x 2" piece to opposite sides of the square from step 5. Press the seams away from the center, towards the white strip.

7. Take two of the strips from step 3 and add them to the sides adjacent to the strips just added, pressing the seams toward the strips and away from the center. The block should measure 9 1/2" square. Make a total of nine blocks.

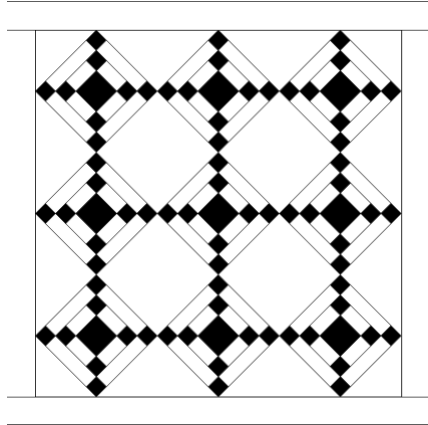

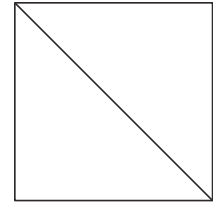

8. Take the two 14" x 14" squares and cut them into fourths diagonally.

9. Layout the diagonal pieces, white 9 1/2" squares and completed blocks to match the layout on the left, forming diagonal rows. Press away from the pieced blocks. Sew the rows together.

10. Take the two 7 1/4" x 7 1/4" squares and cut them into half diagonally.

11. The four triangles are the corner triangles and should be added to each corner of the quilt.

12. Measure the quilt along the top edge, bottom edge and middle. Take the average of these measurements for your border length. Add the borders to the sides and then repeat the measurements to the top and bottom of the quilt, adding those borders, pressing towards the borders. Ready to Quilt!
